IPEDS Student Financial Aid (SFA) Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution's CEO in November 2014.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Screen: Part E - Enter Information about Group 4

Upload File	The total number of Group 4 students who were awarded any grant or scholarship aid from the federal government, state/local government, or the institution across all income levels is outside of the expected range of between 366 and 964 based on the prior year value. Please correct your data or explain. (Error #7334)	Explanation	Yes	
Reason:	The 2011-12 total (1,108) in "Col. 2" includes the "Number of Group 4 students who were awarded any grant or scholarship aid from the following sources: the federal government, the state/local government, or the institution." That number is being compared to the total of "Col. 2" from the 2010-11 survey (665), but Col. 2 last year included the "Number of Group 4 students who were awarded any Title IV grant aid." The 2010-11 number is a for a less inclusive group which explains why our 2011-12 number is larger.
