## Overview

### Admissions Overview

Welcome to the IPEDS Admissions (ADM) survey component. The primary purpose of ADM is to collect basic information about the undergraduate selection process for entering first-time, degree/certificate-seeking students. This includes information about admissions considerations, admissions yields, and SAT and ACT test scores (if test scores are required for admission). ADM will be collected only from institutions that do not have an open admissions policy for entering first-time students.

#### Recent changes

- SAT Evidence-Based Reading and Writing and math scores should be reported based on the new (2016) SAT score range 200-800.
- Due to changes in the SAT, institutions will need to convert scores from the old SAT to the new (2016) SAT using College Board Concordance tables.

#### Data Reporting Reminders

- Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report admissions as of the institution's official fall reporting date or October 15. Institutions operating on an "other academic calendar", a calendar that differs by program, or that enrolls students on a continuous basis (referred to as program reporters) report admissions as students who enroll any time during the period of August 1 through October 31.
- ADM is only applicable to first-time entering students; do not include other students in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

**Summary**

**Admissions Component Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution’s Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution’s CEO in November 2018.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).
