# Mission Statement

*The University of North Carolina at Chapel Hill*

The University of North Carolina at Chapel Hill has been built by the people of the State and has existed for two centuries as the nation's first state university. Through its excellent undergraduate programs, it has provided higher education to ten generations of students, many of whom have become leaders of the State and nation. Since the nineteenth century, it has offered distinguished graduate and professional programs.

The University is a research university. Fundamental to this designation is a faculty actively involved in research, scholarship, and creative work, whose teaching is transformed by discovery and whose service is informed by current knowledge.

The mission of the University is to serve all the people of the State, and indeed the nation, as a center for scholarship and creative endeavor. The University exists to teach students at all levels in an environment of research, free inquiry, and personal responsibility; to expand the body of knowledge; to improve the condition of human life through service and publication; and to enrich our culture.

To fulfill this mission, the University must:

- provide high-quality undergraduate instruction to students within a community engaged in original inquiry and creative expression, while committed to intellectual freedom, to personal integrity and justice, and to those values that foster enlightened leadership for the State and nation;
- acquire, discover, preserve, synthesize, and transmit knowledge;
- provide graduate and professional programs of national distinction at the doctoral and other advanced levels to future generations of research scholars, educators, professionals, and informed citizens;
- extend knowledge-based services and other resources of the University to the citizens of North Carolina and their institutions to enhance the quality of life for all people in the State; and
- address, as appropriate, regional, national, and international needs.

This mission imposes special responsibilities upon the faculty, students, staff, administration, trustees, and other governance structures and constituencies of the University in their service and decision-making on behalf of the University.

An on-line version of the Fact Book is maintained on the Office of Institutional Research web site at <http://www.ais.unc.edu/ir>. Data tables and figures are posted to the electronic Fact Book as soon as they become available during the academic year, giving users immediate access to basic University statistics and significantly reducing printing costs. A limited number of hardcopies will continue to be published each spring after all data have been compiled. As always, we welcome your suggestions for changes and additions to either the on-line or traditional versions of the Fact Book, and encourage you to contact us if you need additional information.

## Founding

---

The University of North Carolina opened its doors to students on January 15, 1795 as the first state university. New Hope Chapel (now Chapel Hill) was chosen for its central location as the site of the University. Hinton James, the first student to enroll, arrived in February 1795. By March 1 the University had 41 students and 2 professors. Seven students, including Hinton James, received their diplomas in 1798, becoming the first graduating class of the University. Authorized by the State Constitution in 1776, the University was chartered in 1789, and was the only public university in the nation to award degrees to students as early as the eighteenth century.

Women were first admitted to the University in 1897. However, admittance was permitted only for bona fide residents of Chapel Hill in graduate courses or as upper level transfers. The first five women to enroll were Mary Shackelford Nee McCrae, Cecye Roanne Dodd, Lulie Watkins, Sally Walker Stockard, and Dixie Lee Bryant. In 1898, Sally Walker Stockard received her bachelor's degree becoming the first woman graduate of the University. In 1917, Lillie Dale Whitaker, Mary Louise Stover, Mary Louisa Cobb, and Nell Abbie Patterson Pickard enrolled as the first female freshmen.

## Organization

---

The University was consolidated in 1931 with the Women's College at Greensboro and North Carolina State College at Raleigh under a single Board of Trustees. In 1971 the General Assembly redefined the University of North Carolina System to include all 16 of the four-year public higher education institutions in the State. The Board of Governors was established as the governing body responsible for all basic policies for the University of North Carolina as a multi-institutional university.

UNC-Chapel Hill and the other institutions that comprise the UNC System each has its own separate administrative structure. The 16 constituent institutions, year they were founded, and their Chancellors are listed below.

\*Consistent with UNC-OP reporting, beginning Fall 2000, applicant/enrollment counts include extension-only students. For comparison with years prior to 2000, note that in 2001 Graduate applied/accepted/enrolled counts include 265 extension-only students; Pharmacy applied/accepted/enrolled counts include 36 students; and transfer counts include 17 off-campus undergraduate students admitted to the Nursing School. Counts for other areas represented in this table are not affected by the inclusion of extension-only students.

\*\*The Fall 1998 applicant count was derived from a database extract of applicants and enrolled students (ADMIN, AIS)

# SAT scores were recentered by the College Board starting in April 1995 which is reflected beginning with the 1996 freshman class.

Note: Retention and graduation data for UNC-Chapel Hill freshman classes entering in 1967 to 1985 are based on campus-generated reports that include both full-time and part-time students in the initial cohorts. The data for classes entering in 1986 to the most current year are based on reports generated by the UNC-Office of the President that exclude part-time students from the initial cohorts.

## Glossary

---

**AAU**--Association of American Universities - This organization includes the top 62 research universities in North America; membership is by invitation. Forty of the members participate voluntarily in an annual data exchange (AAUDE), which is the source of AAU data used in the Fact Book.

**AAUP**--American Association of University Professors - This is a national organization concerned with issues related to the employment and professional lives of college and university faculty. The AAUP sponsors an annual survey of faculty salaries at over 2,200 postsecondary institutions, the results of which are published in the March-April issue of the organization's journal, *Academe*.

**Academic Affairs**--At UNC this area is comprised of the College of Arts and Sciences (which includes the General College), School of Business Administration, School of Education, School of Journalism and Mass Communication, School of Law, School of Information and Library Science, School of Social Work, School of Government, Institute of Marine Sciences, and the Division of Continuing Education.

**Continuing Studies**--The University's academic and administrative unit for part-time students. (*Annual Report to the College of Arts and Sciences from Continuing Studies*)

**EPA**--Exempt from the State Personnel Act. Includes all employees (faculty/academics and non-faculty) on university payrolls that are not subject to the guidelines set forth by the State Personnel Act. (*PDF Manual*) **EPA Non-Faculty** includes (some, but not all) research personnel, non-teaching administrators and academic officers. Although they hold faculty rank, librarians are also included in this group.

**Fiscal Year (FY)**--An accounting period of 12 months, which, at the state level, runs from July 1 through June 30.

**Fixed-Term**--Faculty appointment, which is limited to a specified contract period, usually one to five years. These appointments are subject to termination upon their expirations. (*Trustee Policies and Regulations, July 1, 1994*)

**FTE** -- "Full Time Equivalent" measure of student enrollment and faculty/staff employment.

**FTE Student Enrollment:** Based on attempted resident and extension-credit hours. Using this measure, a full-time student is represented as an FTE of 1. A part-time student is represented as a fraction (.25, .50, or .75) of a full-time student. An undergraduate course load of 12 or more hours constitutes full-time; for graduate and professional students, a course load of 9 or more credit hours constitutes full-time.

**FTE Faculty/Staff Employment:** A measure of effort where a full-time appointment (across all employment units) is equal to a total FTE of 1. FTE for part-time effort assigned to faculty/EPA non-faculty is a fraction of individual expected workload. For SPA personnel, FTE is calculated by dividing total hours worked by 40 hours.

**Gross Square Feet**--Measure associated with the floor areas of entire exterior building structures. (*Facilities Inventory and Utilization Study*)

**Health Affairs**--At UNC this area is comprised of the Schools of Dentistry, Medicine, Nursing, Pharmacy, and Public Health.

**Headcount Enrollment**--Measure of student enrollment which (unlike FTE) does not adjust for part-time status. Any student, regardless of full-time/part-time status, is tallied as "1" in enrollment counts.

**Median Salary**--Value based on the mid-point or the fiftieth percentile of all salaries represented in a discrete category.

**Non-Resident Alien**--Foreign persons who are in the U.S. on a temporary basis and who do not have the right to remain indefinitely.
