Mission Statement

The University of North Carolina at Chapel Hill

The University of North Carolina at Chapel Hill has existed for two centuries as the nation's first state university. Through its excellent undergraduate programs, it has provided higher education to ten generations of students, many of whom have become leaders of the state and the nation. Since the nineteenth century, it has offered distinguished graduate and professional programs.

The University is a research university. Fundamental to this designation is a faculty actively involved in research, scholarship, and creative work, whose teaching is transformed by discovery and whose service is informed by current knowledge.

The mission of the University is to serve all the people of the State, and indeed the nation, as a center for scholarship and creative endeavor. The University exists to teach students at all levels in an environment of research, free inquiry, and personal responsibility; to expand the body of knowledge; to improve the condition of human life through service and publication; and to enrich our culture.

To fulfill this mission, the University must:

- acquire, discover, preserve, synthesize, and transmit knowledge;
- provide high-quality undergraduate instruction to students within a community engaged in original inquiry and creative expression, while committed to intellectual freedom, to personal integrity and justice, and to those values that foster enlightened leadership for the state and nation;
- provide graduate and professional programs of national distinction at the doctoral and other advanced levels;
- extend knowledge-based services and other resources of the University to the citizens of North Carolina and their institutions to enhance the quality of life for all people in the state; and
- address, as appropriate, regional, national, and international needs.

This mission imposes special responsibilities upon the faculty, students, staff, administration, trustees, and other governance structures and constituencies of the University in their service and decision-making on behalf of the University.

Founding

The University of North Carolina opened its doors to students on January 15, 1795 as the first state university. New Hope Chapel (now Chapel Hill) was chosen for its central location as the site of the University. Hinton James, the first student to enroll, arrived in February 1795. By March 1 the University had 41 students and 2 professors. Seven students, including Hinton James, received their diplomas in 1798, becoming the first graduating class of the University. Authorized by the State Constitution in 1776, the University was chartered in 1789, and was the only public university in the nation to award degrees to students as early as the eighteenth century.

Women were first admitted to the University in 1897. However, admittance was permitted only for bona fide residents of Chapel Hill in graduate courses or as upper level transfers. The first five women to enroll were Mary Shackelford Nee McCrae, Cecye Roanne Dodd, Lulie Watkins, Sally Walker Stockard, and Dixie Lee Bryant. In 1898, Sally Walker Stockard received her bachelor's degree becoming the first woman graduate of the University. In 1917, Lillie Dale Whitaker, Mary Louise Stover, Mary Louisa Cobb, and Nell Abbie Patterson Pickard enrolled as the first female freshmen.

Organization

The University was consolidated in 1931 with the Women's College at Greensboro and North Carolina State College at Raleigh under a single Board of Trustees. In 1971 the General Assembly redefined the University of North Carolina System to include all 16 of the four-year public higher education institutions in the State. The Board of Governors was established as the governing body responsible for all basic policies for the University of North Carolina as a multi-institutional university.

UNC-Chapel Hill and the other institutions that comprise the UNC System each has its own separate administrative structure. The 16 constituent institutions, year they were founded, and their Chancellors are listed below.

* The conversion of headcount to a full-time equivalent basis (FTE) is based on a minimum full-time load of 12 credit hours for undergraduate students, and 9 credit hours for graduate and professional students.

Effective Fall 2006, visiting inter-institutional students are included in headcount enrollment statistics. This change coincides with an adjustment in UNC General Administration's reporting policies. Please note that the UNC-Chapel Hill Office of the University Registrar's published Fall 2006 headcounts do not include this group of students.

*As of Fall 2002, counts include sub-baccalaureate professional certificates: 23 with "PC" classifications in Dentistry (DN), 12 with "PC" classifications in Medicine (MD), & 21 with "1st" classifications in Medicine (MS). Note: In addition to Fall 2002 headcount enrollment, there are 504 professional fellows [24 in Dentistry (DN), 480 in Medicine (MD)] and 629 professional residents [10 in Dentistry (DN), 619 in Medicine (MD)].

Effective Fall 2006, visiting inter-institutional students are included in headcount enrollment statistics. This change coincides with an adjustment in UNC General Administration's reporting policies. Please note that the UNC-Chapel Hill Office of the University Registrar's published Fall 2006 headcounts do not include this group of students.

SAT scores were recentered by the College Board starting in April 1995 which is reflected beginning with the 1996 freshman class.

Note: Retention and graduation data for UNC-Chapel Hill freshman classes entering in 1971 to 1985 are based on campus-generated reports that include both full-time and part-time students in the initial cohorts. The data for classes entering in 1986 to the most current year are based on reports generated by the University of North Carolina General Administration that exclude part-time students from the initial cohorts.

Effective Fall 2006, visiting inter-institutional students are included in headcount enrollment statistics. This change coincides with an adjustment in UNC General Administration's reporting policies. Please note that the UNC-Chapel Hill Office of the University Registrar's published Fall 2006 headcounts do not include this group of students.

Glossary

AAU--Association of American Universities - This organization includes the top 62 research universities in U.S. and Canada; membership is by invitation. Forty of the members participate voluntarily in an annual data exchange (AAUDE), which is the source of AAU data used in the Fact Book.

AAUP--American Association of University Professors - This is a national organization concerned with issues related to the employment and professional lives of college and university faculty. The AAUP sponsors an annual survey of faculty salaries at over 2,200 postsecondary institutions, the results of which are published in the March-April issue of the organization's journal, *Academe*.

Academic Affairs--At UNC this area is comprised of the College of Arts and Sciences (which includes the General College), School of Business Administration, School of Education, School of Journalism and Mass Communication, School of Law, School of Information and Library Science, School of Social Work, School of Government, Institute of Marine Sciences, and the Division of Continuing Education.

Continuing Studies--The University's academic and administrative unit for part-time students. (*Annual Report to the College of Arts and Sciences from Continuing Studies*)

EPA--Exempt from the State Personnel Act. Includes all employees (faculty/academics and non-faculty) on university payrolls that are not subject to the guidelines set forth by the State Personnel Act. (*PDF Manual*) **EPA Non-Faculty** includes (some, but not all) research personnel, non-teaching administrators and academic officers. Although they hold faculty rank, librarians are also included in this group.

Fiscal Year (FY)--An accounting period of 12 months, which, at the state level, runs from July 1 through June 30.

Fixed-Term--Faculty appointment, which is limited to a specified contract period, usually one to five years. These appointments are subject to termination upon their expirations. (*Trustee Policies and Regulations, July 1, 1994*)

FTE -- "Full-Time Equivalent" measure of student enrollment and faculty/staff employment.

FTE Student Enrollment: Based on attempted resident and extension-credit hours. Using this measure, a full-time student is represented as an FTE of 1. A part-time student is represented as a fraction (.25, .50, or .75) of a full-time student. An undergraduate course load of 12 or more hours constitutes full-time; for graduate and professional students, a course load of 9 or more credit hours constitutes full-time.

FTE Faculty/Staff Employment: A measure of effort where a full-time appointment (across all employment units) is equal to a total FTE of 1. FTE for part-time effort assigned to faculty/EPA non-faculty is a fraction of individual expected workload. For SPA personnel, FTE is calculated by dividing total hours worked by 40 hours.

Gross Square Feet--Measure associated with the floor areas of entire exterior building structures. (*Facilities Inventory and Utilization Study*)

Health Affairs--At UNC this area is comprised of the Schools of Dentistry, Medicine, Nursing, Pharmacy, and Public Health.

Headcount Enrollment--Measure of student enrollment which (unlike FTE) does not adjust for part-time status. Any student, regardless of full-time/part-time status, is tallied as "1" in enrollment counts.

Median Salary--Value based on the mid-point or the fiftieth percentile of all salaries represented in a discrete category.

Non-Resident Alien--Foreign persons who are in the U.S. on a temporary basis and who do not have the right to remain indefinitely. This category is distinct from the **resident-alien**, which refers to persons who are not citizens or nationals of the U.S., but who have been lawfully admitted for permanent residence in the U.S. and hold a "green card". Non-resident aliens are usually reported separately in enrollment tallies by ethnicity.

Glossary (continued)

Off-Campus Studies (OS)--Administers receipt-based courses and degree programs that are taught away from the campus through distance learning.

Professional Students/Programs--Associated with UNC-Chapel Hill degrees offered in four schools: Law (J.D.), Dentistry (D.D.S.), Medicine (M.D.), and Pharmacy (Pharm.D.).

Research I Institution--Classification which identifies the leading U.S. universities in terms of federal financial support (at least \$40-million annually) and the number of doctoral degrees (50 or more annually). (*Carnegie Council on Policy Studies in Higher Education*). These institutions offer a full range of baccalaureate programs, are committed to doctoral-level education, and give high priority to research. (*The Chronicle of Higher Education*, April 6, 1994)

SPA--Subject to the State Personnel Act. Includes all employees on university payrolls that are subject to the guidelines set forth by the State Personnel Act. (*PDF Manual*)

Tenure Track--Probationary-term faculty appointment conferred with the expectation that in normal course (pursuant to institutional policies and regulations) the individual will be eligible to receive permanent tenure. (*The Code*, August 1988) (*Trustee Policies and Regulations Governing Academic Tenure*) At UNC-Chapel Hill this category includes untenured associate professors, as well as assistant professors.

Tenured--Permanent faculty appointment conferred in accordance with prescribed institutional policies and regulations that are intended to promote and protect the academic freedom of faculty. (*The Code*, August 1988) At UNC-Chapel Hill this category includes (full) professor, associate professor, and in a few cases (fewer than 1%), assistant professor ranks.

Unclassified Students--Enrolled students who are not currently seeking a degree.

The Fact Book was designed to serve as a quick, easy-to-use resource for a variety of descriptive information on the University of North Carolina at Chapel Hill. Much of the data presented here are in aggregate form, and often reflect only the current year. The Office of Institutional Research and Assessment can provide further information on many of the general topics covered in the Fact Book. In addition, other offices listed below generate specialized data for the campus, and may be consulted for more in-depth or historical information. Specific documents used in compiling the Fact Book which can be requested from those offices are also listed.
